### Fourth Liberty Loan.

For the Fourth Liberty Loan Cam-  
paign the County Council of Defense  
has made the school district the unit.  
The work in each school district will  
be under the supervision of the respec-  
tive trustees, and they are charged  
with the duty of seeing that a thorough  
and systematic canvass is made of the  
entire district, so that every person,  
whether a patron of the school or not,  
will be called upon and urged to invest  
in bonds to the limit of his ability.

The quota for the county is \$113,500.  
The quotas for the respective school  
districts have been figured on the basis  
of \$33.00 for each child of scholastic  
age, as shown by the census. As the  
bonds run in multiples of \$50.00, in  
figuring the quota for each district the  
next highest multiple of 50 must be  
taken as the quota. For instance, if  
a district has an enrollment of 39, the  
quota would be \$1,000.

A central committee has been ap-  
pointed in each commissioner's precinct,  
which will have general supervision of  
the work in the school districts em-  
braced in its territory.

Trustees may either undertake the  
work of soliciting themselves, or they  
may hold a meeting and appoint com-  
mittees for this purpose. But in all  
cases the trustees will be held respon-  
sible for the energetic and effective  
prosecution of the work.

L. J. BRUCKS, Secretary.

### Osborne Chancey.

Another Hondo boy has paid the su-  
preme price of devotion to his country  
and is now numbered with the nation's  
honored dead.

For the past several days it was  
known that he was engaged in a des-  
perate struggle with a stubborn foe—  
bronchial pneumonia—and it was the  
hope and prayer of our people that the  
youth and robust physique of the young  
sailor would prove invincible and that  
the hand of the grim reaper would be  
stayed, but all in vain, he succumbed at  
6:05 Thursday afternoon in the naval  
hospital at Norfolk, Virginia.

Osborne Chancey was born and rear-  
ed in Hondo, the son of Postmaster  
and Mrs. M. A. Chancey, and would  
have reached his twenty-second anni-  
versary some time next month.

Following the declaration of war he  
volunteered in the navy and entered  
the Great Lakes training camp; his  
first assignment after his training pe-  
riod carried him to Portsmouth, New-  
hampshire, where he was engaged in  
the naval mail department; about one  
year ago he was assigned to one of  
Uncle Sam's fighting ships and has  
spent the greater part of the past year  
in South American waters on patrol duty  
only returning to the United States a  
short while ago. As a reward for duty  
well done, on his return to the United  
States he was detached from the ship  
and was entered in a medical training  
school, he, even before his entry into  
the government service, having deter-  
mined to make the profession of medi-  
cine his life work.

The passing of this young sailor caused  
a pang of pain to pass through the  
hearts of the people of Hondo. It was  
his desire to aid his country in its hour  
of distress and he is entitled to all the hon-  
ors that are due to those who fall in bat-  
tle. He offered himself to his govern-  
ment and would cheerfully have faced  
the hazards of battle had the assign-  
ment of his ship brought it into con-  
flict with the enemy, and it is very  
probable that his long stay in the tropi-  
cal waters to the south was in large  
measure responsible for his contract-  
ing the sickness that cut short his  
promising life.

As it is somewhat uncertain just  
when the body will reach Hondo no de-  
finite arrangements had been made for  
the funeral up to a late hour yesterday.  
It is not possible for the body to  
reach Hondo before three o'clock Sun-  
day afternoon, and if there is any delay  
in starting, it cannot reach here be-  
fore ten o'clock Sunday night, in which  
case the funeral cannot occur before  
Monday.

Besides his parents, decedent is sur-  
vived by five sisters, to wit: Mrs. V. P.  
King and Mrs. T. B. Holloway of  
Hondo, Mrs. E. R. Fink of Austin,  
and Misses Bessie Mae and Ruth Chan-  
cey of Hondo; and one brother, J. R.  
Chancey, assistant cashier at the  
Hondo State Bank.

Words of condolence to the stricken  
parents would be an empty mockery.  
Time and time alone will heal the  
wound made in their hearts by the  
passing of their sailor boy. They have  
the heartfelt sympathy of the people  
of Hondo.

### From the Boys "Over There."

DEAR MOTHER:  
I received your letter a few days ago;  
was indeed glad to hear from you all  
again, and also very glad to hear that  
you are all well, and hope that when  
these few lines reach you they will find  
you all in excellent health.

Well I guess you are all anxious to  
hear from me again, but I hope you  
aren't worried about me. I am well  
and getting along fine. I like this  
place all right; I like it a lot better  
than I thought I would.

I will have lots to tell you when I  
come back, and I expect that won't be  
long.

You asked about Oscar Schmidt; he  
is still with me, and you can tell his  
folks that Oscar is well and getting  
along all right to. I saw Oscar Man-  
gold yesterday; he is all right, too.

How is everything at home now? I  
got six letters and three cards from  
out there last Sunday. I don't know  
when I will answer all those letters  
and cards, so tell everybody hello for  
me, and tell them that I am like al-  
ways.

How is Frank getting along now;  
has he still got the same job, or what  
is he doing now?

Well Mama I guess this will be all  
for this time, so I will close. I will  
write again soon.

With best regards and love to you  
all,

From your son,  
Pvt. HUGO A. SAATHOFF.  
Company L. 9th Infantry, Amer. E. F.

SOMEWHERE IN FRANCE,  
August 18, 1918.

### MR. B. C. WIEMERS AND FAMILY:

Dear Folks at Home—Well I will try  
and write you all a letter again today  
as I am feeling fine and happy, for last  
night I received papers and a letter of  
July 18th, and it certainly was a wel-  
come letter; and am glad you got the  
cards showing that I arrived safe over,  
and by now you know more of me, for  
I have written a good many letters.

I will try and write you once a week  
as long as I can, but when we move  
from here I don't know how often I can  
get paper or what kind of a place we  
will be in. How many letters we can  
write does not matter, as we write as  
many as we want to; of course we are  
staying within reasonable bounds. I  
write about four letters every week,  
and our commander insists that we  
write home once a week at least. I  
have written to a good many old  
friends at home but don't know whether  
they ever get them or not.

Sergeant Taylor did not hear from  
home yesterday but I let him read my  
letter. I am sure glad he is in our  
company for he is one of the best boys  
here and is as well liked as any one in  
the company.

Well a good many boys have left  
home since we left home and are still  
going.

Just think, eleven months ago today  
we left home for the army, and it seems  
only a short while to me. But eleven  
months in the army and not heard a  
shot fired yet! Some record I should  
think.

Yes, father, I will do my duty as called  
upon in this war. I'd rather not come  
back than to come without having done  
my duty over here, and if it is my fate  
to fall in this country, far away from  
home, I will die fighting. But I think  
we will be through over here soon for  
the enemy is on the run, and the news  
that comes in every day is good.  
Though it may last yet quite awhile, I  
would not be surprised if it came to  
a close at any time.

I am glad that Otto is still at home,  
and that you are all well. Certainly  
God has blessed us. He has answered  
our prayers for I am well and happy  
as can be.

No I have never seen Henry Martin  
or Louis Geuea and don't know where  
they are at, but Biry saw Rollie  
Schueble pass by here the other day,  
but don't know whether he talked to  
him or not.

Tell, my old friends that they are  
not forgotten by their old friend in  
France.

This is all until my next letter, which  
will be written from God knows where.  
MIMKE F. WIEMERS,  
F. H. 359, 315 Sanitary Train, A. E. F.

### Red Cross Shipments.

The past week might be properly  
designated in Hondo as Red Cross  
week. The ladies never were working  
more energetically or enthusiastically  
than now, and as a result of their labor  
of love three great boxes were des-  
patched to headquarters this week.  
These boxes were filled to their capa-  
city with hospital necessities, good,  
warm knitted articles for our boys in  
the trenches, and one box of new cloth-  
ing for the destitute Belgians—princi-  
pally for children.

The most valuable of these boxes  
from a monetary view point as well  
as the solid comfort to be rendered the  
recipients was the one filled with 295  
articles of knitted goods. The ap-  
praised value of this box, designated  
as box "16," was in excess of \$1,000,  
and its value in the way of comfort to  
"our boys" is beyond computation.

Box No. 17 was filled with hospita  
supplies of every conceivable descrip-  
tion and will undoubtedly alleviate the  
suffering of some of the soldiers, possibly  
some soldier boy from Medina county.

What an incentive it must be to the  
mothers and sisters to do their utmost  
in this work of love when they think  
that perhaps the very article they are  
fashioning will save the life of some  
soldier, perhaps their own boy, for  
many Medina county boys are now, or  
soon will be, on the battle fronts.

Box No. 18 contained a large quan-  
tity of clothing for destitute Belgians.  
This box must not be confounded with  
the clothing collection campaign that  
was concluded September 30th. This  
box was in addition to that collection,  
and consisted entirely of new articles.

In the county collection of clothing  
Medina county, as usual, went "over  
the top." This county's quota in this  
campaign was 1,000 pounds, and many  
pounds in excess of that amount was  
collected and is now being sorted and  
packed for shipment.

### Red Cross Notes.

The regular monthly meeting of the  
Red Cross Chapter was held Wednes-  
day afternoon, with Mrs. Schmitt pre-  
siding. After the reading of the min-  
utes letters were read from headquar-  
ters in regard to a "Linen Shower"  
for the hospitals in France and the al-  
lotment of 954 pair of leggings to be  
mended from Kelley Field. A commit-  
tee was appointed for soliciting linen  
for the cause. Reports were given  
from various departments. After a  
very interesting paper was read by  
Mrs. Schmitt on the Red Cross Lec-  
tures given in San Antonio, the meet-  
ing adjourned.

Mrs. Clarence Ware has donated two  
War Saving Stamps and Mrs. C. J.  
Bless \$5.00, for which the Red Cross  
Chapter is very grateful.

Tom Darlington, representing the San Antonio Express and San Antonio Evening News, spent a few hours in town the first of the week and being an old newspaper man dropped into the Anvil Herald office long enough to get a whiff of printer's ink. The Express has inaugurated a "Trading at Home" campaign and Mr. Darlington's work will be principally in this department. Should he be able to convince the people of the error of patronizing northern concerns in preference to local establishments he will have accomplished a service to the business men of Southwest Texas that would be hard to over-estimate. But can he do it? Certainly not unless he is loyally backed up by the local business people. Mr. Darlington says that the San Antonio Evening News was a great success from the first issue and now has a daily circulation of between 20,000 and 25,000 copies.

#### County School Trustees Meet.

The County Trustee Board together with the Trustees of the Rural Districts convened at the Court House Sept. 27th, 1918. Twelve of the Rural Districts were represented.

Supt. Saathoff spoke at length on "Conditions of Rural Schools and Suggestions for their Improvements". Among other things he reported that in the last few years twenty-two of the Rural Districts had made approximately \$60,000.00 worth of improvements in school buildings and equipment. Two Rural Districts have voted \$10,000.00 bonds each, while one has a bond issue of \$12,000.00. Seventeen districts have a special tax ranging from ten to fifty cents. Four Rural Districts—Natalie, Bear Creek, Biry and Verdina—have received special State aid from the State Department, two of which received \$300 each, while the other two received \$500.00 each. Nineteen of the Rural Districts have modern buildings fully equipped with all the necessities for an approved school. The teachers force was raised from 59 to 78 with grades of certificates as follows:

Permanent	First	Second	Third	Total
10	25	22	2	59
21	35	22	0	78

Of the 31 school districts 20 have school libraries with a total of 3000 volumes.

The average school term for the rural districts was 151 days and the average attendance for the entire county, excluding the independent districts, was 691 pupils, while the cost of instruction per pupil was \$33.72.

The total enrollment for the rural schools was 1055. The average attendance per pupil was 100 days. Of the total attendance there were 675 promotions.

Total High school attendance 66, average days per pupil, 127. Supt. Saathoff emphasized the fact that although we are at war, our boys and girls must not suffer for want of schools and education. He encouraged the trustees to make the rural schools equal to the city schools, and thereby give to every boy and girl a thorough high school education. This is possible in the rural districts as well as in the cities.

Supt. Saathoff also explained the Flag Law, the English Language Law, and the compulsory Education Law, and requested the trustees to see to it that these laws were obeyed.

Prof. Dewald spoke on the subject of "Responsibility of School Patrons" in regard to school revenues and school activities, and stressed the importance of acquainting the boys and girls with nature and the things that count in the making of a progressive citizen. That it takes three units to make a successful school, namely: parent, pupil and teacher, and these backed by ample revenues to get the necessities for a progressive school.

County Judge Noonan addressed the trustees and members of the County Council of Defense on the subject of Community School Leagues and told the members how to develop and organize the league. The school district should form a unit or community organization, and the school house is designated as the meeting place in each district, and the school faculty should be the agency through whose assistance the community organization should be effected.

Every man, woman and child in the various districts should be invited to become active participants in this organization. Each organization should have a chairman and an executive secretary, and committees should be appointed to undertake the work of the Community on the important war activities.

The program for the Community Council work should be:

1. Community Meetings and Rallies.
2. Patriotic Education.
3. Reports, informing the county and State authorities as to work of the community.
4. Food, National Agricultural Program—Food Administrators work etc.
5. Americanization: Impressing Aliens with the great ideals of America, American Standards, and the value of American citizenship and its duties.
6. Community Safeguards—Fire protection, relief, health, etc.
7. Labor and Industry.
8. Community Thrift.
9. Community Subscription.
10. Soldiers Aid Work.

The trustees of the various districts were supplied with the necessary pamphlets and documents for community organization, and were urged by Mr. Noonan to at once begin the work in earnest, and that, whenever assistance was needed to make the organization effective, that the County Council would assist wherever necessary to make the organization a success.

#### Dedication Service.

The Reverend Bishop W. N. Ainsworth will preach at the Methodist Church Sunday night of the first Sunday in October, at which time he will dedicate the new auditorium. He has a splendid reputation as a preacher. You are most cordially invited to attend and bring your friends with you.

J. W. LONG, Pastor.

#### Former Hondo Boy Commissioned.

C. R. Myres who received his commission as 2nd Lieutenant at Camp Pike, Ark., on 23rd of August and is now stationed there, will be remembered by many as a pupil of the Hondo High School in 1907. Lieutenant Myres was in the news paper business since early boy-hood, and edited the Sonora New Era for six years. He is a grandson of Mrs. Elizabeth Tampke of New Fountain and his father, Mr. J. R. Myres, and brother, Prof. A. W. Myres, live at Biry. He also has many other relatives and friends in the county.

#### At the Catholic Church.

A beautiful statue representing St. Joseph and the Infant Jesus was placed in the Church of St. John the Evangelist. It is a donation of Mr. Peter Weynand and family. The blessing of the statue will take place next Sunday before High Mass, that is, at 9:45 a. m.

During the month of October evening services are held on Wednesday and Friday at 8:15.

Prayers for the spiritual and material welfare of the men in the army and navy are said at all the services.

#### Quihi Red Cross Notes.

The executive committee of the Quihi Red Cross Auxiliary met at Quihi September 23rd.

A letter, received from the Hondo Red Cross Chapter, was read in which the Quihi Red Cross Auxiliary was requested to furnish one hundred pounds of clothing by September 30th, for the destitute Belgian people. As a means of informing the people of this request it was agreed by the executive committee to hold two public meetings, one at the New Fountain school house September 25th, at 8:00 p. m., and one at the Dunlay O. D. H. S. Hall, September 28th, at 8:00 p. m.

It is with deepest regret that we have to report the meeting at New Fountain was poorly attended, and that but little interest was shown in Red Cross work.

But the meeting at Dunlay was a great success, a large number of men, women and children being present and listening with interest to the speeches made by Andrew Schuehle, S. H. Saathoff and Wm. Reitzer.

The people of the Dunlay section proved their enthusiasm, not only by words but by deeds, for by Friday evening they had collected and delivered one hundred and eleven pounds of first class clothing for the Red Cross.

Surely the Dunlay folks suffered just as much from the drought as any other section in the neighborhood, but they proved that where there is a will there is a way. We wish to thank all who so cheerfully assisted in this noble work, and especially the Dunlay people, for their liberal support, and hope that all members of the Quihi Red Cross Auxiliary will do as well or better if they should be called upon again.

ANDREW SCHUEHLE,

Chairman of the Quihi Red Cross Auxiliary.

**SEED MEN ELECT TO BE CONTROLLED BY FOOD CHIEF**

**COMMITTEE REPORTS TENTATIVE RULES WHICH ARE BEING CONSIDERED BY ADMINISTRATOR PEDEN.**

The absolute need of assuring farmers pure seed and seed that will reach a maximum germination, and facing the fact that Texas has no State laws regulating (1) standard of cleanliness in seed, (2) standard of germination in seed, (3) distinction between grain and seed, a conference of seed growers, seed dealers and seed distributors was held in Houston on August 23, at which a resolution was adopted urging that the seed industry in this State be regulated by the Federal Food Administration for Texas until such time as regulatory legislation is created.

Administrator E. A. Peden, after throwing the conference open to discussion, particularly on whether it were best for the Food Administration to attempt regulation, suggested that a committee be named to draw up a set of rules and regulations. The committee as appointed consisted of Fred W. Davis, commissioner of agriculture, as chairman; Ed H. Schulte, Houston; Robert Nicholson, Dallas; Fritz Engelhard, president of the Texas Farmers' Congress, Eagle Lake; Dr. H. H. Harbison, Kingsville; L. J. McKnight, A. and M. College, and Hon. John G. Willacy, San Antonio.

The committee met at 1 o'clock and after several hours of careful consideration reported back that a tentative set of rules and regulations had been recommended, and these recommendations were placed in the hands of Administrator Peden for consideration. "Later, if the regulations are approved, Administrator Peden will issue the text to the industry affected and the public through the press."

**ARIZONA MINE BOSS LAY HELPLESS WHEN WIFE GOT TANLAC.**

Was Six Feet Tall and Got Down To Where He Weighed One Hundred And Sixteen Pounds.

"I lay helpless when my wife ordered our first bottle of Tanlac from El Paso, Texas," writes Harry E. Scott, of Dragoon, Arizona, in telling of his remarkable recovery.

"Mr. Scott's letter was addressed to C. F. Moss, a wellknown druggist of Benson, Ariz., who has the Tanlac offices in Atlanta. His letter follows: Dragoon, Arizona.

Mr. C. F. Moss, Benson, Ariz.  
Dear Sir:

"As you expressed a desire to hear more about my case, I will try and tell you part of it. I was down and out nearly all the time for two years with rheumatism and stomach trouble, and went to eight doctors, two of whom were osteopaths. Three of them refused to take my case, saying it was incurable, and others might as well have done so, as they did me no good. I guess I have taken a barrel of medicine internally and externally; I also went to Hot Springs and out of all that was ever done, I never got over one week's relief at a time.

"After going down to one hundred and sixteen pounds—which is very light for a six-footer—I kept getting worse until I couldn't move, even to feed myself, had no desire to eat and couldn't sleep more than two hours a night. Some of the officials of the mine, of which I am foreman, would call to see me, and then go out and say, "poor old Scott, I guess he has fired his last man." My wife thought I would never get out of bed alive and she knew my condition better than anyone else.

"At last when I lay helpless, my wife ordered a bottle of Tanlac from El Paso, Texas, which was the nearest place we could get it at that time. One evening about four days after I began taking Tanlac, I ate a fair meal and enjoyed it, the first in many months. By the time I had taken half of the first bottle, I thought I had a good appetite but when I had finished my second bottle I could hardly eat enough to satisfy me. Well I have just finished my ninth bottle, have gained eighteen pounds and am back on the job every day.

"I have converted lots of sufferers to the 'Tanlac Route' and it effects them all as it did me—their stomach trouble, nervousness and rheumatism all yield to Tanlac. Mrs. Scott and myself are willing to go before a notary and make affidavit as to the truth of every statement in this letter, which you are at liberty to publish and use for the benefit of others."

Yours very truly,  
**Harry E. Scott.**

**SALVATION ARMY IS WIPED OUT BY KAISER**

**KAISER DESTROYS ORGANIZATION IN GERMANY AND DIRECTS SPECIAL "HATE" AT HUTS AND WORKERS.**

Paris.—According to advice received here, The Salvation Army in Germany and Austria has been wiped out of existence by order of the Kaiser, not only because it was founded in England, but because Salvationists from all over the earth are in the trenches fighting under the various flags of the Allies. The fact that the American Salvationist relief workers have been made a militarized part of the American Expeditionary Forces, and have been working in the front lines with our boys, it is believed to have had considerable to do with the Kaiser's action. For the last six months the Huns have strenuously attempted to "kill off" American Salvationist lasses who are working in the advanced zones, as they have women of the Red Cross, frequently subjecting them to terrific shell bombardments and gas attacks.

## Mothers of Texas, Prepare!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many women in Texas would testify just as do the following:

HOUSTON HEIGHTS, TEXAS.—"My mother used Dr. Pierce's Favorite Prescription. She was in very ill health, was all run down and it seemed like she could not get anything to do her any good until she took this medicine. It did her more good than anything she tried and I am always willing to recommend it to friends who need a fine tonic."—MRS. JULIA STINSON.

FORT WORTH, TEXAS.—"I can recommend Dr. Pierce's Favorite Prescription to any woman suffering from woman's trouble or nervousness. I was very nervous and losing weight so fast I became alarmed over my condition. I could not do any housework. A friend told me about the 'Favorite Prescription' so I tried it and began gaining in weight at once."—MRS. LIZZIE EPPERSON, 1220 Gould Avenue.

Dr. Pierce's Favorite Prescription is not a secret remedy for all the ingredients are printed on the wrapper. All druggists. Liquid or tablets. Tablets, 60 cents. Send Dr. V. M. Pierce, Buffalo, N. Y., 10 cts. for trial package.

Mr. and Mrs. Sebastian Tschirhart, Jr., and two children, of Pipe Creek visited relatives here this week.

Mrs. Nick Tschirhart, Jr., and children have returned to San Antonio after a weeks visit to her parents here.

Louis Wurzbach and son, Chas., Jr., were Hondo visitors Monday.

Chas. Wurzbach is attending the Peacock school in San Antonio; he left Tuesday to take up his studies.

Henry Steine visited his sister, Mrs. Arnold, in San Antonio Friday.

A Beautiful Woman. Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat lightly of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25c.

Sabinal Sentinel Sightings.

Mr. R. Albrecht made a trip to D'Hanis Tuesday night.

Mrs. B. Marks spent Sunday, Monday and Tuesday in San Antonio and returned Wednesday.

Mr. Joe Reily of San Antonio came out Wednesday to spend a few days and find out exactly how dry it is here anyway.

Mrs. A. F. Reinhart went to Hondo Monday to visit her sister.

Mrs. L. H. Lockhart of Del Rio was visiting her parents, Mr. and Mrs. H. W. Reily, the first of the week.

Mrs. I. C. Honegger arrived last Saturday on a visit to her parents, Mr. and Mrs. J. W. Davenport.

Lieutenant Harold Reily is at Hicks, near Fort Worth, taking a course in Aerial Gunnery at Taliaferro Field.

Mr. I. Marks went to San Antonio Wednesday.

Mr. E. J. Reinhart returned Wednesday from a trip to Hondo.

Mrs. Lela Robinson Hays went to Hondo Wednesday.

Miss Jane Reily came out from San Antonio Monday night to spend a few days with the home folks while her sister, Mrs. L. H. Lockhart, from Del Rio, is here.

Bronchial Trouble. Mrs. A. E. Sidenherder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears."

Almost any poor man can give you advice how to get rich.

## Spoke at Dawson.

Field Agent Fletcher Davis Made an Interesting Talk.

Dawson, Texas, Sept. 27.—"How to Cash in by Co-operation," might be termed the gist of a lecture delivered here this afternoon by Fletcher Davis, Field Agent of the State Department of Agriculture, to an appreciative audience at the Picture Theatre.

After reviewing the activities of the State Department of Agriculture in the work of organizing farmers for increased production and more remunerative prices for farm products, and citing the reasons why the European farmer has heretofore received 93 per cent of what the consumer pays for his products, while the American farmer gets only 42 per cent—and still everybody complains of the high cost of living—he said that right here in Dawson, by organizing, pooling their cotton seed and delivered them in bulk to the oil mills, through an authorized agent, the producers could pocket the \$3.00 which the Food Administration allows the dealer as profits on every ton of seed handled, and thus make co-operation pay cash returns.

The speaker was given close attention throughout his discourse. He also addressed the Dawson school in the forenoon.—Corsicana Sun.

## Can now Eat and Sleep in Comfort.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

## LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

## Weighed 90 Pounds Before Took PERUNA

Recommends it to Her Friends "I don't need Peruna any more. I am all well. I have taken six bottles. I weighed ninety pounds before I started with Peruna. I was just as poor and so weakly. I had given up hopes of ever getting well such a cough and spitting, and could not eat anything. Now since taking Peruna I weigh one hundred and thirty-five pounds. All my friends said I would never get well. I was just a shadow. I have surely recommended your Peruna to many of my friends, and they are using it. I will recommend Peruna, for I am so thankful for what it has done for me."

## Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tonic

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start

your liver and straighten you better and quicker than calomel and without making you just go back and get your sick and nauseated tomorrow.

If you take calomel today it will wake up feeling great, ambition and ready for play. It is harmless, pleasant safe to give to children; they

## SUGAR FIXES PRICE OF SUGAR FOR NEXT YEAR

The following notice has been put out to all District and County Food Administrators for Texas by Administrator Peden, on the price of sugar for next year: The Sugar Equalization Board September 7, upon the approval of the president, fixed the price of cane sugar for next year, as granulated, at 9 cents per pound, less 2 per cent f.o.b. standard refining points. This price became effective Monday morning, September 9.

"Wholesalers and retailers must sell their present stock on basis of their cost, and should their stock not be disposed of prior to the time they receive sugar on the new cost basis, they will not be permitted to average their price; or, in other words, might be possible that dealers will be compelled to sell their stocks of sugar at two different prices at the same time.

"The price for beet pulp, wet and dry, will be fixed by the Food Administration in the interest of cattle feeders, in the course of a few days.

"In this connection the attention of all distributors of sugar, i.e., wholesalers, jobbers and retailers, is called to the rule which requires that their stocks be sold on the basis of invoice without regard to market replacement value. Sugar in the hands of jobbers must therefore be sold on a margin not to exceed 35 cents per hundred per cent, and in the hands of retailers, at a margin not exceeding 1 cent per pound, notwithstanding the general advance authorized."

### L. MILLS MEMBER OF FIELD SUPERVISION FOR FOOD ADMINISTRATION.

H. L. Mills, associate director of education of the Federal Food Administration for Texas, has been designated by Administrator Peden as member of the staff of Field Supervision, with headquarters in Houston, and hereafter will devote his time to matters of investigation of complaints and assist in checking of licenses and unlicensed dealers to see that the rules and regulations are being observed. Mr. Mills, in coming to the Food Administration permanently, surrenders his work as principal of the Fullerton School, Houston, and sacrifices a much better paying position to render special service for the government.

During the summer months Mr. Mills handled the school and speakers' Bureau of Educational Department and made a splendid record in not only organization, but getting the message of the Food Administration before the school teachers of Texas.

### SUGAR FOR USE IN TEACHING CANNING.

The question has been asked by the Federal Food Administration for Texas by various persons whether schools teaching home economics will be provided with sugar for lessons in canning at the opening of the school year, when these lessons are usually given. Administrator Peden is assured by the Sugar Division of the U. S. Food Administration that this sugar will be provided through the usual channels of sugar distribution.

This means that persons wishing to purchase sugar for teaching canning in departments of home economics of our schools and colleges, may apply to the Food Administrator for each quantity as they need for that purpose. It is urged, however, that teachers will make it a part of instructions to can with no sugar, or with little sugar, and with substitutes.

### AMENDED RULES ON GREEN COFFEE.

The Food Administrator has amended the regulations governing green coffee. Hitherto the dealer has been permitted to average spot coffee with coffee in transit or which he had arranged to ship from the country of origin. The new regulation is as follows and changes Rule 1:

Rule 1: Licensees entitled to reasonable profit. The licensee in any sale of green coffee shall make no more than a reasonable profit over the cost of the particular coffee sold, provided that any sale of spot coffee shall be made at not more than a reasonable profit over the average cost of his entire stock of spot coffee. Each growth of coffee shall be averaged separately. This amendment applies to all sales made after September 11, 1918.

## WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from any harmful drugs. It is helping thousands. Try it.

## REGULATION OF FISH INDUSTRY NOW UNDER WAY

Conference in Houston Lays Plans for Price Fixing, Shipment of Fish and Deferred Classification.

Dividing the coast of Texas into six zones, each zone to have a Price Interpreting Committee determining a minimum compensation for the fisherman and a minimum to maximum price, subject to periodical revision, was one of the principal achievements of the conference of fish dealers of Texas in Houston on August 15. The conference was held with the Food Administration for Texas and the plan of zoning the coast was presented to the fish industries by Administrator Peden as the most feasible one to bring about a stabilization of prices on fish.

A second important decision of the fish men was that hereafter fish will not be classified as "choice," "medium," etc., but fish will be shipped under the name of the species; that is to say, trout as trout, mackerel as mackerel, pompano as pompano. Under the old plan an interior dealer might buy "choice fish" and find one-half of the shipment made up of lower price fish. The practice has resulted in uncertain prices, as dealers have been compelled to make up their losses by charging more for the reduced quantity of the fish ordered.

The most important factor affecting the fish industry was the information that there is such a growing shortage of fishermen due to the inroads of the selective draft that the industry will be paralyzed unless men engaged in this essential industry are given deferred classifications. A resolution was unanimously adopted by the fish industries of Texas urging Administrator Peden to write the County Administrators at coast points to take up the question of deferred classification on men engaged in fishing with the local draft boards, and that he also communicate direct with, or hold a conference with, the chairman of the district selective draft at San Antonio and Houston with a view to presenting the need of retaining so far as possible men in the highly essential occupation of fish production.

## CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

## FOOD RULES ARE BEING ENFORCED WITH PENALTIES

Men Who Sell Flour and Sugar Pay Red Cross Benefits: Gin Company Fined \$400; Licenses Restored.

H. L. Mills of the Department of Field Inspection of the Federal Food Administration for Texas posted on the door of D. Aren's retail grocery at 224 East Sixth Street, Houston Heights, a placard setting forth the fact that the establishment had been closed for two days—September 18 and 19—because of violation of the rules and regulations of the United States Food Administration in selling wheat flour at an excessive profit. Aren was also required to pay \$50 to the Houston Recreational Canteen, which sum was delivered to the canteen at the Houston Light Guard Armory. The placard placed upon the door was 22 by 28 inches and was in bold black lettering upon a yellow background.

Seventeen cases charging violations of the food regulations by Houston merchants who are alleged to have exceeded the quantity of sugar and flour to be sold customers are now being investigated by the inspection Department.

The New Gin Company of Greenville, Texas, a corporation operating at several points in Texas, recently had its license suspended for 30 days for violation of the rule forbidding the payment of different prices by licensees for cotton seed in the same zone on the same day. The suspension was revoked when it appeared that closing would injuriously affect the cotton industry and the firm was ordered to pay \$400 to the County Council of Defense at Greenville, this amount representing the difference between the firm's prices paid at that point and elsewhere on the day in question.

The Food Administration has restored licenses to the Walker-Craig Company and George McConkie & Co. of Brownsville. These firms have been closed since April 29, this year, for violation of sugar rules.

J. E. Adair, a retailer at Cooper, Texas, has been found guilty of selling flour and sugar in violation of regulations. He has been ordered to pay \$100 to the Red Cross and suspend his business for four days.

The Clay County Cotton Oil Company of Henrietta will pay four hundred dollars to the Red Cross organization of that county as the result of a hearing before the Enforcement Division of the Federal Food Administration at Houston on September 14. The reports of the company showed that it had bought cotton seed at Henrietta at lower prices than it was paying elsewhere at the same time in Texas. This occurred before the price was stabilized and accepting the company's assurances of good faith, the contribution of four hundred dollars was mutually agreed upon as proper compensation to the public for its loss through the transactions in question.

The District Food Administrator at Dallas reported August 17 that on the last four weekly reports of the Kleber Baking Company of that city the bakery was short on substitutes. A hearing was called, but on August 21 the administrator advised the Enforcement Division he had reached conclusion the proprietor was innocent of any intentional violation, having the blame on the foreman, who had been discharged. On August 28 the administrator again reported that he was convinced that the proper amount of substitutes were not used in his operations. The result is that the Kleber Baking Company has voluntarily agreed in lieu of revocation or suspension of license to pay \$250 to the Red Cross and to close its place of business on September 18 and 19, posting on the premises a notice to the effect that such closing was made for violation of the regulations.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. One bottle.

## GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### Important Press Notice.

The Honor Flag System instituted during the last Liberty Loan Campaign is still in force, and the Honor Flag with four bars will be awarded to every county or Community oversubscribing its quota.

Another matter to which we draw attention is the fact that ten ships built by the United States Shipping Board will be named after the incorporated towns or cities raising the largest over-subscriptions to the Loan. In this connection, the percentage of population purchasing Bonds will also count and it is the two factors taken together which will determine which towns or cities are to receive the honor.

Ten military tanks will be named after the Counties producing the greatest over-subscription, together with the greatest percentage of subscriptions by population.

The last scholastic census will be used as the basis upon which to figure. The honor of sending tanks into the battle with the name of their County on the side should appeal to every citizen.

## NEW RULES GOVERNING SALE OF WHEAT FLOUR EFFECTIVE SEPT. 1, 1918

Retailers Are Required by the Food Administration to Sell at the Same Time With Every Four Pounds of Standard Wheat Flour One Pound of Standard Corn Flour, Corn Meal or Barley Flour.

No dealer may force upon the consumer any other substitute than the above with wheat flour.

Instead of the above substitutes, the dealer may, if the customer so demands, deliver on the same basis any of the following flours:

Kaffir Flour	Milo Flour
Rice Flour	Oat Flour
Bean Flour	Potato Flour
Peterita Flour	Buckwheat Flour
Peanut Flour	Sweet Potato Flour

Pure Rye Flour or meal may be sold as a substitute, but must be sold in the proportion of at least two pounds of rye with three pounds of wheat flour.

Corn Meal for use in making of corn bread should be purchased separately from combination sales.

Corn Meal purchased as a substitute with wheat flour should only be used in making a Victory Bread mixture.

VICTORY MIXED FLOUR may be sold without additional substitutes, as it is wheat flour which has mixed with it the required amount of barley, corn, or rye flour substitute.

VICTORY MIXED FLOUR includes Graham, whole wheat, or entire wheat flour or meal when it contains 95 per cent or more of the wheat berry.

# TO ARMS! CITIZENS!

The immortal words of the French battle cry of freedom ring out again today to the American nation.

We are called upon to take up arms and fight to the death - if need be - for freedom, Justice and Those Things that make life worth living.

In this profound crisis is the test of citizenship.

The highest form of duty is to fight with our armed forces - to have enough to eat, enough to wear, a few dollars in your pocket, and to devote the balance of your earning power - your life if need be - as an offering to your country.

The next best form of duty is to stay at home and produce - allowing yourself enough money to purchase the bare necessities of life and to conduct business, essential to the war, and to devote the balance of your earning power to your country in the form of subscriptions to Liberty Loans.

One or the other duty you must assume.

If you can bear arms you will do so.

If you are unable to bear arms you will supply the money and material for those who can - you will enable them to bear your arms for you.
